### Vision

The Edmonton and Area Land Trust has as its vision an Edmonton region where natural area systems are valued, preserved for future generations and play a key role in the social, economic and environmental life of the residents of the area.

### Mission

The Edmonton and Area Land Trust will be recognized as a not-for-profit leader in the selection, securement and stewardship of natural area systems, appropriate natural interconnections and cultural heritage landscapes in the Edmonton area primarily for the use, enjoyment or benefit of its present and future citizens.

*Legacy For Land*

# A Gift for Your Legacy

## *Legacy For Land*

Celebrate a loved one by making a gift to protect our natural heritage in the Edmonton region. Your gift will be used to protect wildlife and habitat in perpetuity. Many people feel they are not able to give as much support as they would like to during their lifetime. By including Edmonton Area Land Trust (EALT) in your will, you can support our work and help to protect the land and create a conservation legacy for this region.

Your gift to Legacy for Land will enable future generations of children and families to enjoy the pleasures of nature and the many pursuits that it provides.

If leaving a legacy is something you might consider; please contact your lawyer and/or financial advisor to determine how this can fit into your financial and estate planning. Great tax savings with a registered charity can reduce the cost of your gift depending on your province of residence. The Edmonton and Area Land Trust Executive Director Pamela Wight (780.483.7578) will be happy to speak with you, or put you in touch with experts at the Edmonton Community Foundation who could assist you with planning your Legacy for Land.
